

The Glee Club Song

Lyrics by David M Kincaid

If you missed the hike Glee's on
You should know how far she's gone
You can hear that she has hiked 50,000 miles

50,000 miles, 50,000 miles
50,000 miles, 50,000 miles
You can hear that she has hiked 50,000 miles

She's gone ten, she's gone twenty
She's gone thirty, she's gone forty
Glee's gone 50,000 miles with the club

With the club, with the club
With the club, with the club
Glee's gone 50,000 miles with the club

Without a snack in herpack
Just a bottle in her hand
Glee will go on hiking this ole way

This ole way, this ole way
This ole way, this ole way
Glee will go on hiking this ole way

If you missed the hike Glee's on
You should know how far she has gone
You can hear that she has hiked 50,000 miles

50,000 miles, 50,000 miles
50,000 miles, 50,000 miles
You can hear that she has hiked 50,000 miles
You can hear that she has hiked 50,000 miles
You can hear that she has hiked 50,000 miles
